

January 21st^h, 2013

EasyVoice Telecom is proud to announce its affiliation with Cachet Partners Group.

As a result of our affiliation we are now able to provide the members of Cachet Partners Group all of our Telecom services at substantial discounts when compared to the telecom services offered by Bell and Rogers.

What we are about

We are a 100% Canadian Telecom Company specializing in consumer and business services. We have been in the telecom business for over 15 years and we serve thousands of satisfied Canadian consumers.

We understand the need for Canadians to have fairly priced, innovative telecom solutions. Our primary services include: Per minute and flat rate long distance on your existing phone lines, per minute & flat rate long distance calling for your mobile phones, local line phone service using VoIP (Voice Over IP), Toll free numbers, and High Speed DSL internet connections.

Our mission: Telephone Freedom

You are no longer stuck getting over priced services for your cell phone, home/business phone or internet service. EasyVoice can save you over 50% on your services such as Long Distance calling, 50-70% on home Phone line services, and over 80% on long distance calling on your mobile phones. You now have a choice. We give you a reliable service at unbeatable prices. Our years in the telecommunications business has helped make us valuable to our customers in businesses and homes who share a common interest... saving money on their telecom needs.

Services offered to Cachet Partners Group

As a result of our affiliation we are able to provide the members of Premium Buyers with a great percentage discount on our telecom services off of our EasyVoice retail price points.

Direct Dial Long Distance

The EasyVoice Direct Dial plan is our direct dial service, where we become your primary long distance provider. With the Direct Dial service you simply pick up your phone and dial your destination number, no extra digits to dial.

EasyVoice retail prices

Starting at just **3 cents per minute in North America** and just **4 cents per minute to over 40 Countries**.

Cachet Partners Group will receive a **15% discount on all our long distance rates**

EasyDial Long distance

This service requires that you simply dial a local access number first before dialing the long distance number. This service is ideal for clients that do not want to switch their primary long distance carrier, or if your service provider does not allow you to switch your long distance service over to another provider.

Monthly flat rate packages start at just \$12.95.

EasyVoice (VoIP) Phone Service

What is EasyVoice VoIP Phone Service? VoIP stands for "Voice Over Internet Protocol", which is a technology that allows you to make phone calls using your High Speed Broadband Internet connection instead of your regular traditional phone service. The only requirement for this technology is a high speed internet connection, such as DSL or cable, as the service is based on a broadband Internet connection.

For more details please see our website at <http://easyvoice.ca/voip/>
